Apex Endodontics of Las Vegas is committed to providing state-of-the-art dental care at reasonable costs to our patients. Apex Endo of Las Vegas firmly believes a good doctor/patient relationship regarding financial policy is based upon clear communication and understanding. In order to achieve this, please review our financial policy.

Payment for services provided to you is ultimately your responsibility and is due at the time of service. For your convenience, we accept:

1. Cash, check, money order
2. Visa, Mastercard, American Express and Discover Card
3. Third Party Financing options through Care Credit.

We are also preferred providers for multiple insurance plans. However, insurance does not cover the total cost of dental procedure fees charged but is only designed to reduce your cost. Please keep in mind that your insurance policy is a contract between you and your insurance company. It is your responsibility to inform us in a timely manner of any changes to your billing and insurance information.

Insurance claims are filed as a courtesy to our patients and insurance coverage does not relieve the patient of financial responsibility, nor suspend payments until the insurance has paid. If an insurance company denies payment for incomplete or wrong information, it is your responsibility to make payment in full.

Once insurance benefits have been verified by our office, we will attempt to estimate the patient's out-of-pocket portion of the treatment fees. However, this is only an **ESTIMATE** and neither the insurance company nor our office can guarantee this figure. Your estimated co-insurance (out-of-pocket) payment is due in full for each visit at the time of service.

Our office will send the patient or responsible party a monthly statement showing the balance of the account in an effort to keep the patient informed of the status. We recommend that you follow-up with your insurance carrier within the first thirty (30) days and advise us if there is a problem. If no insurance payment is received within sixty (60) days of service, **the patient is fully responsible for payment of account.** Any unpaid amount not covered by your insurance must be paid by the responsible party no later than 60 days following treatment.

If payment has not been made to an account ninety (90) days after service is rendered, and no contact or appropriate arrangements have been made, the account will be referred to the necessary legal authorities, credit bureau services and collection services. A \$150 fee will be applied to all accounts referred to collection services.

In cases of divorced parents, the parent bringing the child will be deemed responsible for payment.

For procedures requiring the use of the microscope-equipped room, in order to schedule the procedure and to secure your desired date, we must obtain a non-refundable deposit equivalent to your facility fee. The deposit will be applied to your total treatment cost, however if the procedure is canceled for any reason, this balance is **non-refundable** except in the case of documented emergency or medical disability.

#### Assignment of Benefits

I hereby assign all medical and surgical benefits, to include major medical benefits to which I am entitled. I hereby authorize and direct my insurance carrier(s) to issue payment check(s) directly to Apex Endodontics of Las Vegas for medical/dental services to myself and/or my dependents regardless of my insurance benefits, if any.

I have read and understand the practice's financial policy and I agree to be bound by its terms. **This signature on file is also my authorization for the release of information necessary to process any insurance claims.** I also understand and agree that such terms may be amended by the practice from time to time.
